FOR IMMEDIATE RELEASE

Idle-Free Windsor Presents Fuel Management Workshop

Windsor, Ontario - The Transportation Program of Natural Resources Canada's Office of Energy Efficiency and the Citizens Environment Alliance (CEA) are pleased to present **Fuel Management 101**, a workshop for fleet managers, supervisors and business owners.

This one-day workshop is designed to assist fleet managers to prepare a fuel management plan, implement the plan, and measure and monitor its success. More and more organizations are getting onside to do their part in reducing fuel consumption and harmful vehicle emissions.

"All local fleet operators can play an important role in achieving idling reductions in Windsor," stated Lynn Perreault, Anti-Idling Project Coordinator for the CEA.

Fuel Management 101 will provide workshop participants with the tools necessary to walk away with many tips, ideas and a template for creating a fuel management plan for your fleet. Fleets of all types are welcome.

This full-day workshop will be held on Wednesday, November 1, 2006 from 9:30am to 4:30pm at the Real Canadian Superstore, 4371 Walker Road, Windsor. The \$50 fee includes lunch.
