

Citizens Environment Alliance

The Citizens Environment Alliance (CEA) is a non-profit, grass-roots, binational, education and research organization. We are committed to an ecosystem approach to environmental planning and management.

Objectives

- 1** To educate the public about environmental problems and solutions as they relate to the Great Lakes ecosystem, and in particular, to the Windsor-Essex-Kent Region and the Detroit-St. Clair Rivers' watersheds along with the western basin of Lake Erie.
- 2** To gather and disseminate information of an environmental nature to the general public, citizens' groups, labour and business groups, environmental organizations, schools and other resource groups.
- 3** To assist and supplement the ongoing environmental programs of the Ministry of the Environment, Environment Canada, municipalities, townships and international organizations.
- 4** To raise funds by way of donations, grants, bequests and other similar methods for the purpose of advancing the aforesaid goals and objectives, and to increase and diversify support for the CEA's agenda.
